A confronting, spellbinding tribal narrative. Chamar engages the elements in a primal spectacle. With engaging fire characters, original special effects, and theatrical dance, this fire show is a one of a kind production.

Chamar carries its audience to a shamanistic realm inhabited by fiery spirits. This tale of struggle and elemental power is set to a dramatic soundtrack and incorporates a diverse range of exciting and unusual props.

Summon the fire within as Chamar ignites the stage with burning cauldrons, flaming spears, 'fire wire', silver contact ball and the mystifying floating fire sprites.

Today, Chamar is a popular theatrical production for festivals, concerts and outdoor events. Its mythical characters engage the hearts and imaginations of audiences young and old in a fable of power, elemental mystique, courage and defeat.
