Stage Size: 15 x 5m (minimum)

Performers: 4 or 10\*

Best For: Indoor stage production; corporate events; technology-related product launches

Audio: Premixed CD soundtrack

**Immerse yourself in an explosion of light, colour, sound and movement. A poetic fusion of technology with the organic, \*illuminate\* takes you on a journey into the surreal lightscaapes of another world...**

First debuted as a highlight of 'Bornfire' (Singapore Arts Festival) 2006, this unique performance features state of the art UV-reactive and LED illuminated props.

Through striking costumes and innovative dance, \*illuminate\* captivates audiences with dynamic flag spinning, a mechanical LED staff dance, a whimsical UV umbrella sequence, high energy glow twirling, a giant UV fan dance plus acro-balancing — all set seamlessly to an uplifting and ethereal soundtrack.

This unforgettable production is uniquely suited to sophisticated corporate events and technology-related product launches.

\*With an original cast of 10 performers from Australia and Singapore, this 20 minute production can also be performed on a smaller scale by Australian artists only.
